TERMS OF ENGAGEMENT

Our firm will prepare your 2020 Income Taxation Return, which will be conducted in accordance with the relevant professional and ethical standards issued by the Accounting Professional & Ethical Standards Board Limited (APESB).

The period for which we will be responsible is tax year ending 30 June 2020. We will not deal with earlier periods unless you specifically asks us to do so and we agree. This engagement document will be effective for future years unless we issue an amended one to you.

In conducting this engagement, information acquired by us in the course of the engagement, including any information relating to your affairs whether it belongs to you or not or is provided by you or not, is subject to strict confidentiality requirements. That information will not be disclosed by us to other parties except as required or allowed for by law, or with your express consent.

We wish to draw your attention to our firm’s system of quality control which has been established and maintained in accordance with the relevant APESB standard. As a result, our files may be subject to review as part of the quality control review program of CPA which monitors compliance with professional standards by its members. We advise you that by accepting our engagement you acknowledge that, if requested, our files relating to this engagement will be made available under this program.

A taxpayer is responsible under self assessment to keep full and proper records in order to facilitate the preparation of a correct return. You are responsible for the reliability, accuracy and completeness of the accounting records, particulars and information provided and disclosure of all material and relevant information. Whilst the Commissioner of Taxation will accept claims made by a taxpayer in an income tax return and issue a notice of assessment, usually without adjustment, the return may be subject to later review. Under the taxation law such a review may take place within a period of up to four (4) years after tax becomes due and payable under the assessment. Furthermore, where there is fraud or evasion there is no time limit on amending the assessment. Accordingly, you should check the return before it is signed to ensure that the information in the return is accurate.

When you trust us with your personal information, we are committed to protecting it and keeping it safe. We take your privacy seriously and are bound by the Privacy Act 1988 (Cth) ('Privacy Act') and will protect your personal information in accordance with the Australian Privacy Principles. These principles govern how we can collect, use, hold and disclose your personal information, as well as ensuring the quality and security of your personal information.

The fee arrangement is based on the expected amount of time and the level of staff required to complete Income Taxation Return.

Please sign this letter to indicate that it is in accordance with your understanding of the arrangements. This letter will be effective for future years unless we advise you of any change.
